# OUR VISION

We all know that food matters. It's essential for both life and health. But let's be honest, food does more than that, it creates both community and change, that's why we like eating together.

658 Catering exists to provide hand-made, local cuisine and exceptional service for your event. The amazing thing is it also creates a pathway for someone's life to be changed. How? Every 658 Catering order is part of our "1 to 1" feeding program. Each meal purchased sponsors a meal in the Project 658 outreach-feeding program. A meal purchased is a meal provided. That allows a person to sit in our center, enjoy a healthy meal, find a friend and find Hope.

One more thing, you are also providing for 658 Culinary School students to learn advanced job skills that will give them greater life sustainability. How cool is that.

Thanks for choosing 658 Catering for your next event and for changing a life.
